For Honest & Fair Representation for ALL the Citizens of District One and Coffee County...

Vote For & Elect LARRY H. FULLER

Coffee County Commissioner District 1

TO ALL CITIZENS OF DISTRICT 1 IN COFFEE COUNTY: As we near the June 1st Democratic Primary, I would like to ask for your vote and support as Candidate for Coffee County Commissioner, District 1.

I am your best candidate if you are looking for someone who will serve all citizens of District 1 with honesty, integrity and fairness. These are morals that have always been a part of my life and always will be. I have always lived in District 1. We have a family business, Fuller Brothers Garage, Grocery & Wrecker Service, that I have been a part of all my life. Growing up in this business has given me a lot of experience in running and maintaining a successful business just like the operations of the County Commission. This community has supported our business and us over the years and I would like to give a little back to the community

The only promise I will make is that I did not take on this challenge to benefit myself but to help the citizens of District 1.1 have been traveling on the campaign trail and have met and talked to a lot of people in District 1 who have complaints and concerns. I will address all the issues that the citizens of District I have and assess them on an individual basis. All your cares, concerns and ideas will be important no matter how big or small as we work together to make Coffee County a better place to live. All the citizens in District I and Coffee County need Commissioners who will work for their best interest.

If elected, I will work to the best of my ability for all the citizens of District 1 and give them the honest and fair representation they deserve.

For any questions or concerns, you may contact me at: HOME: 897-2363 WORK: 897-6235

BEWARE! SNAKES ARE CRAWLING ... Scott Smith (above)

caught this timberback rattlesnake last Wednesday, May 19, as it was slithering around the local area. The snake was estimated to be about 4 1/2 feet long. Smith encourages everyone to take extra precautions when outdoors because snakes are moving around. As a side note, it might be interesting to know the rattler was still very much ALIVE when this picture was made at the Clipper office Wednesday morning.
